- Deployed Size each: 3 ¼" wide x 20" long
- Weight: 1 ¾ ounces each, 3 ½ ounces per set
- Color: Black
- Ambidextrous
- Five-Year Warranty

Design Highlights: The Waist Retention Band is designed to be used with the Survivor-1 concealed tactical ballistic backpack and is constructed to the highest standards to meet the demands of the armed professional and safety-conscious civilians. The set of Waist Retention Bands secure the deployed plate carrier to the user's torso, maintaining a stable ballistic-protection platform.

Functional Highlights: The Waist Retention Bands function as a paired set and are easily affixed to the Velcro on the lower section of the plate carrier. When not deployed, the Waist Retention Bands are secured by heavy duty elastic on the plate carrier.

The Waist Retention Band allows the user to secure the plate carrier to their torso while in motion. Lightweight design ensures added functionality and positioning without added bulk.
